Summary

Final year Computer Science student from BRAC University with hands-on experience in full-stack development, Machine Learning, Computer Networks & systems. Experienced in developing software projects using PHP, Laravel, MySQL, Python & C/C++. Notable CS undergrad elective courses include Programming for the Internet, Data Communications, System Analysis & Design, and Gamification. Eager to learn, grow and expand my skills.

Education

BRAC University, Dhaka — **September 2026 (Expected)**
Bachelor of Science (BSc) in Computer Science — *CGPA: 3.54 out of 4.00*
Department of Computer Science and Engineering

Kushtia Government College, Kushtia — **December 2021**
Higher Secondary School Certificate (HSC) — *GPA: 5.00 out of 5.00*

Kushtia Zilla School, Kushtia — **February 2019**
Secondary School Certificate (SSC) — *GPA: 5.00 out of 5.00*

Research Experience

UG Thesis – Adversarial Robustness Evaluation in Bangla Sentiment Analysis. Github Link

Title: Evaluating and Improving Adversarial Robustness in Bangla Sentiment Analysis: A Cross-Architecture Study with Human-Validated Perturbation Taxonomy. *Summer 2025 – – Spring 2026*

- Investigated the robustness of Bangla sentiment analysis models against adversarial linguistic variations.
- Built and annotated a 46,000+ sample dataset & developed a human-validated perturbation taxonomy.
- Evaluated 15 different ML, Transformer, and LLM models using Python, PyTorch, Hugging Face Transformers, and linguistically motivated adversarial perturbations.

Academic Projects

1. Lost & Found Online Portal | *Core PHP, MySQL* — Github Link, *Spring 2025*
- A web portal for BRAC University students to post, search, and manage lost and found item listings and connect with other users.

2. Bus Ticket Booking System | *Laravel, PHP, MySQL* — Github Link, *Fall 2025*
- A full-stack bus ticket booking platform with user authentication, profile management, route search, seat selection, and booking system.

3. Ball Run 3D Game | *PyOpenGL* — Github Link, *Summer 2025*
- A 3D ball-run game featuring obstacle avoidance, jumping, collision detection, score tracking, increasing movement speed, bonus points, cheat mode, and interactive keyboard controls.

4. Obesity Prediction Using ML | *Python, Scikit-learn* — Github Link, *Summer 2025*
- ML model involving EDA, preprocessing, feature encoding, Logistic Regression, Decision Tree, & MLP models; evaluated performance using ROC-AUC and applied PCA & K-Means for analysis.

5. Computer Networks | *Cisco Packet Tracer* — Github Link, *Spring 2026*
- A smart healthcare network with VLSM subnetting, DHCP, DNS, web & email servers & static and RIP v2 routing across many medical units.

6. Operating Systems | *C, POSIX Threads, Linux* — Github Link, *Spring 2026*
- Built a Linux process management simulator implementing process creation, synchronization, zombie process handling, process monitoring, and termination.

7. Mechanic Workshop Management System | *PHP, MySQL* Github Link
Spring 2026

- Developed a workshop appointment system allowing clients to book mechanics based on availability, with an admin panel for appointment management, rescheduling, and mechanic assignment.

8. Compiler Design | *Flex, Bison, C/C++* Github Link
Summer 2026

- Built a compiler for a subset of C from scratch, implementing lexical analysis, syntax analysis, parsing, error handling, and semantic checks.

Technical Skills

Programming Languages:	Python, C, C++, JavaScript
Web Development:	HTML, CSS, PHP, Laravel
Database & Backend:	MySQL, MariaDB
Compiler & Systems:	Flex, Bison, RISC-V Assembly
AI/ML & Data:	PyTorch, Hugging Face, Scikit-learn, Transformers, Data Analysis (PCA, K-Means)
Networking & Systems:	Cisco Packet Tracer, VLSM Subnetting, RIPv2, POSIX Threads
Tools & Software:	Visual Studio Code, Git, GitHub, phpMyAdmin, Postman
Operating Systems:	Windows, Ubuntu

Honors & Achievements

- Expected to Graduate with Distinction – B.Sc. in Computer Science and Engineering, BRAC University (September 2026).
- Advance Web Development Certificate - BRAC University Residential Semester (May 2023).
- Merit Scholarship Based on Previous Academic Results upon admission - BRAC University (September, 2022).
- SSC General Scholarship, 2019. Board of Intermediate and Secondary Education, Jashore.
- PSC Talent Pool Scholarship, 2013. Directorate of Primary Education, Ministry of Primary and Mass Education, Jashore.
